## **MINIMUM PARCEL OR LOT SIZES**

**66.305 Minimum Parcel or Lot Size.** The minimum parcel or lot size shall be 5000 square feet.

- (1) A planned unit development (PUD) may be approved in the Village Residential zone, pursuant to the provisions of BCC Chapter 98 as modified by this subsection:
  - (a) None of the new lots or parcels shall be smaller than 5000 square feet;
  - (b) The development shall be served by the community water and sewer system.
  - (c) For any open space or common area provided as a part of the PUD under this subsection, the owner shall submit proof of irrevocable deed restrictions recorded in the deed records. The deed restrictions shall preclude all future rights to construct a dwelling on the lot, parcel, or tract designated as open space or common area for as long as the lot, parcel, or tract remains outside an urban growth boundary.

**66.405 Siting Standards.** All structures allowed in the Village Residential Zone shall be sited in compliance with the following standards:

- (1) A setback to a road right-of-way shall be at least fifteen (15) feet and at least twenty (20) feet from the edge of an existing roadway.
- (2) A side setback shall be at least three (3) feet. If structures exist on an adjoining property, a minimum ten (10) foot setback shall be maintained between the proposed structure and any existing structure on the adjoining property, unless the two dwellings are attached at the property line. Zero lot line development is allowed.
- (3) A rear setback shall be at least fifteen (15) feet.
- (4) Architectural features shall not project more than two (2) feet into a required setback.
- (5) A non-residential structure shall not be built within a setback abutting a road. No setback is required for a non-residential structure of 120 square feet or less
- (6) A structure which is not related to a water dependent use shall be placed at least fifty (50) feet from the ordinary high water line of river or major stream. In the case of a creek or minor stream, a structure which is not a water dependent use shall be placed at least twenty-five (25) feet from the ordinary high water line.
- (7) A dwelling on property adjacent to a resource zone shall be located as far from the resource zone as practicable, considering other required setbacks, topography, drainage, resource-zone setbacks on neighboring properties, and other factors, as determined by the Planning Official. Prior to approval of such a dwelling the owner shall sign a declaratory statement to be recorded in the County Deed Records recognizing resource use of adjacent lands.
- (8) A dwelling located within 200 feet of a forested area shall be provided with a spark arrestor on each chimney and a fire-retardant roof.
- (9) A minimum thirty (30) foot fire break shall be maintained at all times around structures located on a parcel or lot contiguous to land in the Forest Conservation Zone.
- (10) A structure shall not exceed forty (40) feet in height. Structures such as chimneys, spires, domes, elevator shaft housings, towers, aeriels, flagpoles, agricultural buildings, and other similar objects not used for human occupancy are not subject to the building height limitations of this code.
