

Alsea Community Meeting

Benton County Riparian and Wetlands Project

March 1st, 2011 at the Alsea Grange

7:00-8:30 PM

Meeting Overview

*Thanks for taking part in this meeting to discuss supporting and improving natural resources and water quality in streams and wetlands within Benton County.

*Due to the expected large audience, please sign up on the Meeting Question and Answer sheet if you are interested in speaking during the question and answer portion of the meeting. We will work through the list to make sure everyone has a chance to ask questions or give comments. Please write down comments on your comment card

* Anyone that would like to provide comments after the meeting can easily do so in Alsea! Just sign up on the 'Listening Session' sheet. These will be offered at the Alsea Community Library on March 5th or March 7th.

Agenda

I. 7:00-7:10 Sign In, Handouts and Meeting Introduction

- a. Please enjoy some refreshments while you gather handouts!

II. 7:10-7:30 PM Riparian and Wetlands Project Presentation

- a. Adam Stebbins, Benton County Water Projects Coordinator, will provide a brief overview of the project history, findings, and recommendations to support and improve natural resources and water quality to meet Benton County Comprehensive Plan goals.
- b. Please save any questions and for the Question and Answer session.

III. 7:30-8:30 PM Question and Answer, Ideas, and Other Comments

- a. All comments will be compiled, carefully, reviewed and responded to by staff to improve project work and any proposed code updates.
