

Benton County HCP Prairie Conservation Strategy Stakeholder Advisory Committee *Work Session*

This meeting will use a different format than previous meetings. We will conduct a work session to identify areas and corridors on maps for habitat management and restoration. Additionally, we will discuss how to coordinate actions on public and private lands for habitat enhancement and species recovery across Benton County. After a short introduction we will break into small groups to focus discussions on these topics. We anticipate a collaboration between public land managers, private landowners, biologists and others.

When:

July 1, 2009; 1 pm to 4 pm

Where:

**Benton Plaza
Plaza Meeting Room (Basement Level)
408 SW Monroe Ave.
Corvallis, OR 97333**

Public participation welcome
