GENERAL PROVISIONS

1. The road approach shall be constructed according to minimum standards shown on this permit and accompanying specifications and drawings.
2. **The road approach shall be completed within 180 days and if applicable, shall be paved before nailing (sheetrock) inspection is made.**
3. If the road approach does not meet minimum standards within the permit period, the County will make corrections at the applicant's expense **(ORS 374.320)**.
4. Any improvement to the road approach shall be done only under the authority of a new permit.
5. The entire expense of construction and maintaining said road approach shall be borne by the applicant. No work shall be done by the applicant or his agent in such a manner as to endanger the traveling public or the public highway.
6. The applicant shall indemnify and hold harmless the members, officers, employees, and agents of Benton County from any claim that might arise from the granting of this permit; and shall be responsible and liable for all accidents or damage resulting from the act of entering onto the highway or road by vehicles operating under this permit.
7. The applicant shall comply with all federal and state laws, including the federal and state Endangered Species Acts, and shall be responsible for obtaining any required approvals from federal and/or state regulatory agencies. Failure to do so may be a violation of federal and/or state law, and this permit.
