

2019-2020 Adopted Budget

Alsea County Service District

For the Fiscal Period
Beginning July 1, 2019
Ending June 30, 2020

Governing Body

Annabelle Jaramillo, 2019 BOC Chair
Xanthippe Augerot, Commissioner
Pat Malone, Commissioner

Citizen Budget Committee Members

Mimi Stout
Cheryl VanLeuven

Alsea County Service District

ADMINISTRATION: Benton County Public Works

DIRECTOR: Gary Stockhoff **FACILITIES MANAGER:** Paul Wallsinger

OFFICE LOCATION: Public Works, 360 SW Avery, Corvallis

TELEPHONE: 541-766-6821

INTERNET ADDRESS: [HTTP://WWW.CO.BENTON.OR.US/PW/UTILITIES/ALSEA.PHP](http://www.co.benton.or.us/pw/utilities/alsea.php)

DISTRICT OVERVIEW:

To provide water and sewer service to the community of Alsea which is located approximately 30 miles southwest of Corvallis.

The service district is an independent municipal corporation. The Benton County Board of Commissioners sits as the Governing Body. Benton County Public Works Department manages daily operations, customer billing, and staff support. County Financial Services provides treasury, financial management services and coordinates the Budget process. The County is reimbursed for these services by district funds.

The district was organized in 1983 to take over operation of the community water system. Water system improvements and the community sewer system were completed in 1986. Additional water system improvements were completed in 1997. An advisory committee reviews District operations and makes recommendations on issues and rates to the Governing Body.

ALSEA COUNTY SERVICE DISTRICT

District Statement

This is an annual budget. The fiscal year will begin July 1, 2019, and ends on June 30, 2020.

The budget was built on the assumption of no increase or changes in rates or charges. The district has no personnel. All services and support are provided by county operating departments as discussed above.

The remaining balance of the federal government loan that paid for water system upgrades was paid off and refinanced with a loan from the County General Fund in FY 2016-17. This will allow the district to take advantage of the lower interest rate environment, allow the principal to be retired faster and save the district about \$5,500 in interest cost over the prior debt schedule, without increasing what the district currently pays for annual principal and interest.

This action will reduce the payoff of the loan from 2028 to 2022.

As these systems have continued to age, improvements have been made as funding has allowed. Many of the components of both systems are nearing or have exceeded their expected life. This greatly increases the possibility of a significant system failure. While staff are doing everything possible to extend the life of both systems, this does require extensive and expensive maintenance. County staff are starting the process of looking for alternative funding to upgrade and modernize this system. Both of these may be lengthy projects and therefore we hope are completed before we experience a catastrophic failure. More information will be available as this process continues.

The County Financial Services department has done a review and revision of the County's financial policies. In the past County Utilities Service Districts had the Central County Overhead Charges limited to 8% of budgeted expenditures for the operating cost centers and 4% of budgeted expenditures for reserve cost centers. The new policy removes these caps and the Districts will be responsible for paying their full allocation of Central County Overhead charges. This policy was fully implemented this year and has added an additional annual cost of \$8,560. This increase has been incorporated into the budget and will reduce the district's ability to build reserves. Currently, operations of both water and sewer will be able to absorb the additional expense without a rate increase. However, the capital programs for both water and sewer will likely see significant rate increases in 2020 in order to build reserves.
