Note: Recreational Vehicles and Park Trailers are only allowed in certain zones and parks. Before applying for permits, please check with the Planning Division for clarification.

- A separate electrical permit shall be obtained by a licensed electrical contractor or homeowner if they do their own work and it is their primary residence.
- Does not include septic costs. **Septic Authorization** is required for all replacement dwellings.
- Does not include demolition costs. A **Demolition/Decommission Permit** shall be required for the old dwelling, regardless whether it is removed or demolished.
- A separate building permit is required for garages, carports, and porches and decks more than 30 inches above grade.
- Does not include the **School District Construction Excise Tax**. This fee is collected for all placements on private property. The Construction Excise Tax is \$1.00 per square foot of living space.
