**Permit Fee Estimator Worksheet
 for New or Replacement Single Family Dwellings**

This worksheet is designed to help you estimate permit costs to build a new single family dwelling. Remember this is just an estimator and depending on your project, there could be other fees as well. Before you get started, you will need your building plans, plot plan, a scale (ruler) and a calculator. Please review the example plan and calculated fees in the middle of this package for reference.

Step 1: Valuation of Construction Project

To get started you will need to calculate the value of your construction project. This is done by determining the square footages of the different types of space in your project. Remember to measure from outside wall to outside wall.

Living Space: includes bonus rooms, sun rooms, finished and semi-finished basements.

- Square feet of living space _____ X \$122.46 = _____ (a)
- Square feet of garage/shop _____ X \$48.73 = _____ (b)
- Square feet of covered porch/deck _____ X \$24.37 = _____ (c)
- Square feet of uncovered deck greater than 30" above grade
 _____ X \$24.37 = _____ (d)
- Square feet of unfinished basement _____ X \$22.45 = _____ (e)
 (storage only, unheated, non-habitable space)

Total valuation of project is a + b + c + d + e \$ _____

Step 2: Structural Permit Fees and Plan Review Fees

Structural Permit Fees and Plan Review Fees can be found on the Building Permit Fee Calculator attached to this packet. To use the calculator find the total valuation from Step 1 in the first two columns of the Calculator under valuation. From the valuation columns you slide right to find your Permit Fees and Plan Review Fees. For example, if your total valuation is between \$12,001 and \$13,000 your plan review fees will be \$190.45 and the permit fees will be \$213.30.

- Plan Review Fee _____ (a)
- Permit Fees _____ (b)
- Total Structural Fees = a + b** _____ **((A))**

Step 3: Departmental Reviews and Miscellaneous Fees

Zoning (setbacks, wetlands, natural features, floodplain etc.)		<u>91.00</u>	(a)
Public Works (driveways, access, water)		<u>60.00</u>	(b)
Environmental Health (setbacks to septic etc)		<u>80.00</u>	(c)
Addressing Fee (if new dwelling)	1 X \$64.00 =		(d)
Road Approach	1 X \$350.00 =		(e)
(This fee applies if access is from a county road or the current road approach does not meet current county standards—if access is from a state highway, please consult ODOT)			
Total Departmental Reviews	= a + b + c + d + e		(B)

Step 4: Plumbing Fees

Plumbing Fees are based on the number of bathrooms plus 1 kitchen. This fee also includes: 1st 100 feet of water/sewer lines, hose bibs, icemaker, under floor low point drains and rain drain packages. (Count a ½ bath as a whole bath.)

Fees based on number of bathrooms:

- 1 bath/1 kitchen = \$300.00
- 2 bath/1 kitchen = \$400.00
- 3 bath/1 kitchen = \$500.00

Fee for number of bathrooms (see above) _____ (a)

Fee for each additional bathroom over 3

Qty: _____ X \$75.00 = _____ (b)

Piping or private storm drainage systems exceeding the first 100 feet

Each additional 100 lineal feet or portion thereof

Qty: _____ X \$30.00 = _____ (c)

(Example: If the perimeter of your house is 320 feet, the first 100 feet is included in (a) and then you would have a remaining 220 feet which is 2 additional 100 feet and a fraction, therefore you would have 3 additional at \$30.00.)

Residential fire sprinklers (if required by RFD)

- 0 to 2,000 square feet \$200.00
- 2,001 to 3,600 square feet \$250.00
- 3,601 to 7,200 square feet \$325.00
- 7,201 square feet and greater \$410.00

Fee for fire sprinklers _____ (d)

Plumbing Fees = a + b + c + d _____

State Surcharge = Total plumbing fees X 12% (.12) _____

Total Plumbing Fees = Plumbing fees plus surcharge _____ **((C))**

Step 5: Mechanical Fees

Mechanical Fees are calculated on each mechanical item with a **minimum fee of \$80.00.**

- Fuel burning stove, fireplace, insert, lighter
Qty: _____ X \$30.00 = _____ (a)
- Furnace, air conditioner, heat pump, air handler
Qty: _____ X \$30.00 = _____ (b)
- Clothes dryer, exhaust fan, hood
Qty: _____ X \$20.00 = _____ (c)
- Other appliance or equipment (Hydronic heating)
Qty: _____ X \$20.00 = _____ (d)
- Gas piping system, new or altered (1 fee for all connections + equipment)
Qty: _____ X \$20.00 = _____ (e)
- Alteration to mechanical equipment or system
Qty: _____ X \$20.00 = _____ (f)
- Mechanical Fees = a + b + c + d + e + f (Minimum fee \$80.00) _____
- State Surcharge = Total mechanical fees X 12% (.12) _____
- Total Mechanical Fees** = Mechanical fees plus surcharge _____ **((D))**

Step 6: Electrical Fees

Electrical Fees for Single Family Dwellings are based on the square feet of living space, unfinished basement and garage/shop. You do not need to include decks and porches.

- Square feet of living space: _____
- Square feet of garage/shop: + _____
- Square feet of unfinished basement: + _____
- Total square feet: = _____ (amount used to calculate fees)
- First 1000 square feet _____ 135.00 (a)
- Each additional 500 square feet or portion thereof
Qty: _____ X 25.00 = _____ (b)
- (Example: If the total square feet is equal to 2225, you would have 1000 square feet at \$135.00. This leaves 1225 square feet divided by 500, or 2.25 additional units. You would calculate 3 additional units at \$25.00.)
- Limited/Restricted Energy Permit (Includes: alarms, garage door opener, vacuum systems, stereo, etc.) 1 X \$25.00 _____ (c)
- Electrical Fees = a + b + c _____
- State Surcharge = Total electrical fees X 12% (.12) _____
- Total Electrical Fees** = Electrical fees plus surcharge _____ **(1)**

Additional Electrical Permits that may be needed

Temporary Electrical Service Permit 1 X \$72.80 _____ (2)
(Electrical service used during construction)

Limited/Restricted Energy Permit (When not installed by contractor/owner wiring the house)
1 X \$72.80 _____ (3)

Total of all Electrical Fees = 1 + 2 + 3 _____ ((E))

Step 7: Septic Permit Fees

If you are developing the lot for the first time, you will need a septic construction permit. This fee is based on the type of septic the lot was approved for.

Type of Septic and the associated fee:

1-Standard, saprolite, steep slope: \$1382.00

2-Sand filter, ATT, capping fill, tile dewatering & pressure distribution: \$1991.00

Septic Construction Permit Fees (either fee 1 or fee 2) _____

OR

If this is a replacement dwelling, you will need a septic authorization permit. This is necessary to verify the existing system is in good working condition and capable of accommodating the proposed dwelling.

Septic Authorization Permit Fees \$919.00 _____

Septic Fee (either construction permit or authorization) _____ ((F))

Step 8: Totaling Estimated Permit Fees

Total Structural Fees ((A)) _____

Total Department Reviews ((B)) _____

Total Plumbing Fees ((C)) _____

Total Mechanical Fees ((D)) _____

Total Electrical Fees ((E)) _____

Total Septic Fees ((F)) _____

Total Estimated Permit Fees = A + B + C + D + E + F _____

Remember this is just an estimation of what you can expect permit fees to be. When you apply for permits, you will have a total of at least three permits. This would include a structural permit which includes items A, B, C, and D from above, an electrical permit, and a septic permit. You may also have a temporary pole electrical permit and limited/restricted energy electrical permit. If this is a replacement dwelling, you will have a demolition permit, which is a no fee item when applied for in conjunction with dwelling permit. If you have a low yield well, you may also need to get a water storage permit. Feel free to contact the Building Division or Planning Division with questions at 541-766-6819.

Please note: If you live in either the Corvallis, Albany, or Monroe School District, you will be assessed a **School District Construction Excise Tax equal to \$1.00 per square foot for habitable space** to be paid when your permit is issued to you. This fee is in addition to permit fees and is collected by the Building Division for the school districts.

BUILDING PERMIT FEE CALCULATOR							
Valuation		Permit Amt	Plan Review Fee	Valuation		Permit Amt	Review Fee
