EXPLANATORY STATEMENT

2-128

The Chinook Drive Road District currently has a Local Option Tax of \$0.85 per \$1,000 assessed value which expires at the end of fiscal year 2020-21. This measure requests the extension of the current Local Option Tax at the current rate for a five year period, from 2021-22 through 2025-26. The Local Option Tax revenues comprise approximately one-half of the Road District operating budget. Tax revenues are used for road maintenance and re-surfacing (grading, chip-sealing, rock, emergency and surface spot repairs), snow removal, pothole repair, vegetation control, and minor drainage and land control improvements intended to extend road surface life and improve safety. With approximately five and a half miles of road to maintain, we will be unable to perform any road upgrades and will not be able to keep up with annual maintenance of the roads in their current state with the budget provided by the permanent rate alone.
