**Caption** 10 words which reasonably identifies the subject of the measure.

Renewal of current five-year local option tax for school operations

**Question** 20 words which plainly phrases the chief purpose of the measure.

Shall district impose \$1.50 per \$1,000 of assessed value for five years beginning in 2022-23 for school operations? This measure renews current local option taxes.

**Summary** 175 words which concisely and impartially summarizes the measure and its major effect.

The Corvallis School District will use the tax revenue from this measure to continue to operate the district at its present level of service. The tax revenue from this measure will be used to fund teachers at all schools to sustain or reduce class sizes; music, physical education and art teachers at all elementary schools; vocational and technical education opportunities for students; school counselors; instructional coaches to improve teaching and learning; and extracurricular athletics and activities. Without this additional revenue, the district would have to reduce its annual operating budget by approximately 10%, which is the equivalent of about 90 full-time teaching positions.

This measure would renew current local option taxes originally approved by voters in 2006 and renewed by voters in 2010 and 2016. The current tax expires June 30, 2022. If renewed, the current tax rate will not increase. The proposed rate will raise approximately \$8.6 million in 2022-23, \$8.9 million in 2023-24, \$9.2 million in 2024-25, \$9.5 million in 2025-26, and \$9.8 million in 2026-27, for a total of \$46.0 million.
