RE: Federal Local Bridge Project Selection Results

Bridge Number: 14163
Bridge Name: Long Tom River, Hubbard Rd
Award Amount: \$5,646,184 (Includes 10.27% local match)

Dear Mr. Wheeler,

I am pleased to announce that the above project has been approved by the Local Agency Bridge Selection Committee for Local Bridge Program (LBP) funding. Your project was approved to receive funding in federal fiscal years 2018 through 2021.

We are offering to start design in 2017 by coordinating with your Region Local Agency Liaison listed below. Your agency may proceed with the project upon completion of the design regardless of the year it is programmed. The ability to advance projects is limited by fund availability.

Please confirm that you accept the LBP award by email to corey.r.withroe@odot.state.or.us with a cc to rachelle.l.nelson@odot.state.or.us. If you would like to be part of the accelerated schedule for your project and start the design in 2016, we will need to know upon the acceptance of the award. Your confirmation of the award is due no later than 10/31/2016.

The ODOT Local Agency Liaison and contact information for this project is:

Mark Foster
Mark.A.Foster@odot.state.or.us
541-757-4179

Finally, a reminder ***not to start any work*** on the project until you receive a "Notice to Proceed" after the Prospectus and Inter-governmental Agreement are completed.

Sincerely,

Bert Hartman, PE
Bridge Program Managing Engineer
Oregon Department of Transportation

BHH/crw

Cc: Mark Foster, ODOT Region 2 Local Agency Liaison
